CHILL-PAK™ COBRA DRAFT ARMS with FAUCETS:

Cobra towers are manufactured in Italy and modified by us to produce the stunning effect shown in the picture. The single-faucet models will build up a coating of frost for a truly unique effect. Cobra towers may be ordered in

matched sets of two or three units mounted on a custom base. You can order a single arm with one, two or three faucets if you prefer. Finish is bright chrome or brass. Faucets included.

COBRA CONFIGURATIONS

You may order the single Cobra arms individually or mounted on custom drains as matched sets of two or three draft arms. Or order single Cobras as shown. Custom drains are available.
